# SKIRTIFY

The finishing touch to your flooring

Introducing Skirtify® floor skirting profiles, crafted from cutting-edge materials for exceptional durability, lightweight construction, and hassle-free installation. Setting itself apart from conventional wood, MDF, or plaster alternatives, Skirtify® boasts distinctive product attributes that redefine excellence.

The cornerstone of our profiles lies in high-quality polyurethane, enabling precise detailing and sharp contours. Embracing versatility, each Skirtify® profile can be seamlessly painted to match any interior decor, providing a limitless canvas for creativity.

With Skirtify®, elevate your space with skirting solutions that combine resilience, ease of use, and artistic potential – a true fusion of innovation and elegance.

Specifications

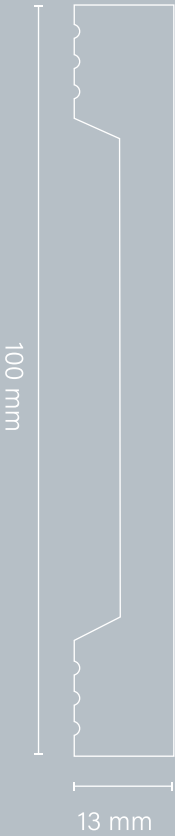

Height	100 mm
Length	2400 mm
Thickness	13 mm

Square Standard 10

S1008 - Skirting
